

Q1 Benton County is proposing to conduct a funding swap impacting the CSAH 1 reclamation project occurring within the APO's planning area. The full scope of the CSAH 1 project (reclamation from CSAH 29 to CSAH 2) falls within both the APO's planning area and within the planning boundaries of the Region 7W Transportation Policy Board. As a result, this project was split in two (CSAH 29 to roughly CR 78 and CR 78 to CSAH 2). Both sections of this project were receiving Federal funding assistance. To simplify administrative work, Benton County is proposing to take the Federal funding awarded to the APO portion of the project and apply that to the Region 7W portion of the project. In exchange, the state aid portion of the Region 7W project will be applied to the APO section. Since the APO's portion of the project is no longer Federalized, Benton County is requesting to REMOVE this portion of the project from the TIP. The project will still be completed; however, state aid funds will be used instead. How do you feel about this proposed change?

Q4 MnDOT is proposing to INCREASE the estimated project cost to overlay I-94 bridges 73875 and 73876 over the BNSF railroad near the MN 23 interchange in fiscal year 2023. This proposed increase would raise the cost of the project from \$1,600,000 to \$2,209,000. Additional funding will come from Federal assistance (\$487,200) and state trunk highway funds (\$121,800). How do you feel about this proposed change?

Q5 MnDOT is requesting to install dynamic messaging signs (including cameras and fiber optic cables) along I-94. This 52-mile project will begin at US 71 in Sauk Centre and end at MN 24 in Clearwater. Additional signage will be placed along MN 24 in Clearwater from I-94 to Stearns County’s CSAH 75. This project will cost approximately \$500,000 with \$400,000 in Federal funding assistance and \$100,000 in state funding. MnDOT is requesting to ADD this project to the TIP.
