AGENDA

APO POLICY BOARD MEETING

THURSDAY, SEPTEMBER 12, 2024 - 4:30 P.M.

GREAT RIVER REGIONAL LIBRARY, BREMER ROOM

1300 W ST GERMAIN ST, ST CLOUD, MN 56301

- 1. Pledge of Allegiance
- 2. Introductions
- 3. Approval of Agenda
- 4. Public Comment Period
- 5. Approve Consent Agenda Items (Attachments A C)
 - a. Approve Minutes of August 8, 2024, Policy Board Meeting (Attachment A)
 - b. Approve Bills List for August (Attachments B)
 - c. Receive Staff Report on Technical Advisory Committee Meeting (Attachment C)
- 6. Consider Final 2025-2028 Transportation Improvement Program (Attachments D1 & D2), Vicki Johnson, Senior Transportation Planner
 - a. Suggest Action: Approve
- 7. Consider Alternatives for Sharing Funding in the Area Transportation Partnership (Attachment E), Vicki Johnson, Senior Transportation Planner
 - a. Suggested Action: Approve
- 8. Consider Cost Sharing Agreement for Future Beltline Projects, (Attachment F) Brian Gibson, Executive Director
 - a. Suggested Action: Approve
- 9. Other Business & Announcements
- 10.Adjournment

English

The Saint Cloud Area Planning Organization (APO) fully complies with the Title VI of the Civil Rights Act of 1964, Title II of the Americans with Disabilities Act of 1990, Executive Order 12898, Executive Order 13116 and related statutes and regulations. The APO is accessible to all persons of all abilities. A person who requires a modification or accommodation, auxiliary aids, translation services, interpreter services, etc., in order to participate in a public meeting, including receiving this agenda and/or attachments in an alternative format, or language please contact the APO at 320-252-7568 or at admin@stcloudapo.org at least seven (7) days in advance of the meeting.

Somali

Ururka Qorsheynta Deegaanka ee Cloud Cloud (APO) wuxuu si buuxda u waafaqsanahay Cinwaanka VI ee Xuquuqda Xuquuqda Rayidka ee 1964, Cinwaanka II ee Sharciga Naafada Mareykanka ee 1990, Amarka Fulinta 12898, Amarka Fulinta 13116 iyo qawaaniinta iyo qawaaniinta la xiriira. APO waa u furan tahay dhammaan dadka awooda oo dhan. Qofka u baahan dib-u-habeyn ama dejin, caawimaad gargaar ah, adeegyo turjumaad, adeegyo turjubaan, iwm, si uu uga qeyb galo kulan dadweyne, oo ay ku jiraan helitaanka ajendahaan iyo / ama ku lifaaqan qaab kale, ama luqadda fadlan la xiriir APO. 320-252-7568 ama at admin@stcloudapo.org ugu yaraan toddobo (7) maalmood kahor kulanka.

La Organización de Planificación del Área de Saint Cloud (APO en inglés) cumple plenamente con el Título VI de la Ley de Derechos Civiles de 1964, con el Título II de la Ley sobre los Estadounidenses con Discapacidad de 1990), de la Orden Ejecutiva 12898, de la Orden Ejecutiva 13116 y los estatutos y reglamentos relacionados. La APO es accesible para todas las personas de todas las capacidades. Una persona que requiere una modificación o acomodación, ayudas auxiliares, servicios de traducción, servicios de interpretación, etc., para poder participar en una reunión pública, incluyendo recibir esta agenda y/o archivos adjuntos en un formato o idioma alternativo, por favor, contacta a la APO al número de teléfono 320-252-7568 o al admin@stcloudapo.org al menos siete (7) días antes de la reunión.

SAINT CLOUD AREA PLANNING ORGANIZATION POLICY BOARD Thursday, August 8, 2024 – 4:30 PM

A regular meeting of the Saint Cloud Area Planning Organization Policy Board was held on Thursday, August 8, 2024, at 4:30 p.m. APO Chair Raeanne Danielowski presided with the following members:

Jake AndersonCity of Saint CloudJeff GoergerCity of Saint Cloud

Kevin Kluesner City of Saint Joseph (Alternate for Rick Schultz)

Tim Elness City of Sartell

Dottie Seamans City of Sauk Rapids
Jeff Westerlund Le Sauk Township
Joe Perske Stearns County

Michael Kedrowski Metro Bus (Alternate for Ryan Daniel)

Also in attendance were:

Brian GibsonSaint Cloud APOVicki JohnsonSaint Cloud APOAlex McKenzieSaint Cloud APOJames StapferSaint Cloud APOTrina NessSaint Cloud APO

Absent:

Mayor Dave Kleis

Mayor Rick Miller

Jared Gapinski

City of St. Cloud

City of Waite Park

Benton County

- 1. PLEDGE OF ALLEGIANCE
- 2. INTRODUCTIONS
- 3. APPROVAL OF AGENDA:

Mr. Goerger motioned to approve the agenda. Ms. Seamans seconded the motion. Motion carried.

4. **PUBLIC COMMENT PERIOD:** There were no members of the public present.

5. CONSIDERATION OF CONSENT AGENDA ITEMS:

- a. Approve Minutes of July 11, 2024, Policy Board Meeting
- b. Approve Bills Lists for July
- c. Approve Transportation Improvement Program (TIP) Amendments and Administrative Modification
- d. Receive Staff Report on Technical Advisory Committee Meeting

Mr. Goerger motioned to approve the consent agenda items. Mr. Anderson seconded the motion. Motion carried. Ms. Seamans abstained from the July 11, 2024, Policy Board Meeting Minutes.

6. CONSIDER CHANGES TO APO PLANNING AREA

Mr. Stapfer presented an overview of the current APO Planning Area Boundary, Urban Area, and the Proposed New Planning Area. Earlier this year the APO adjusted our urban area. Our planning area needs to, at a minimum, include our urban area, therefore, our planning area should now encompass part of Lynden Township.

Mr. Kluesner motioned for Policy Board approval of the proposed changes to the APO's Planning Area. Mr. Goerger seconded the motion. Motion carried.

7. CONSIDER DISPOSITION OF LOCAL MATCH FUNDS FOR SAFE STREETS & ROADS FOR ALL (SS4A)

Mr. Gibson presented the SS4A Local Match which was assessed to the local jurisdictions. However, he applied for a local match grant from the State of Minnesota and received it as of July 27, 2024. Therefore, we have two options regarding the \$30,000 match the jurisdictions have already been assessed for. We can give it back, or credit the jurisdictions for 2025. Below you can see the amount each jurisdiction was assessed, what the SS4A credit would be and the 2025 net assessment.

Jurisdiction	2025 Initial Assessment	SS4A Credit	2025 Net Assessment
St. Cloud	\$92,293	\$14,316	\$77,977
Sauk Rapids	\$17,674	\$2,859	\$14,815
Sartell	\$25,739	\$4,066	\$21,672
Waite Park	\$11,281	\$1,743	\$9,538
St. Joseph	\$9,077	\$1,489	\$7,588
Stearns Co.	\$29,516	\$2,825	\$26,692
Benton Co.	\$8,858	\$1,130	\$7,729
Sherburne Co	\$3,868	\$548	\$3,320
LeSauk Twn	\$1,581	\$313	\$1,268
Metro Bus	\$3,500	\$711	\$2,789
Total	\$203,388	\$30,000	\$173,388

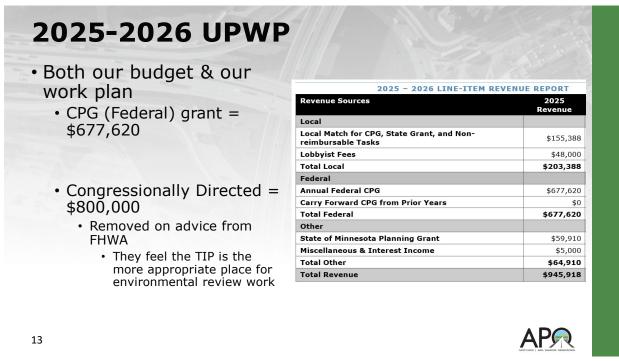

11

Mr. Anderson motioned for Policy Board approval of the disposition of local match funds for Safe Streets & Roads For All (SS4A) by crediting each jurisdiction toward their 2025 assessment fees. Mr. Westerlund seconded the motion. Motion carried.

8. CONSIDER 2025-2026 UNIFIED PLANNING WORK PROGRAM (UPWP)

Mr. Gibson presented our budget & our work plan regarding the 2025-2026 Unified Planning Work Program (UPWP).

Mr. Gibson reviewed the 2025 work activity by revenue source, and the 2025 Local Match Assessments. He proceeded to discuss the Jurisdictional Assessments history 2020-2025 and the APO Budget History 2020-2025.

He stated the Technical Advisory Committee (TAC) recommended approval of the 2025-2026 UPWP at their May meeting on a 7-3 vote. At the time, some members are still concerned about cost sharing of environmental work, which is no longer an issue.

Ms. Seamans motioned for Policy Board approval of the proposed 2025-2026 Unified Planning Work Program (UPWP). Mr. Goerger seconded the motion. Motion carried.

9. CONSIDER REGIONAL TRANSPORTATION PRIORITIES FOR 2025

Mr. Gibson presented the 2024 Regional Transportation Priorities which were US-10 Improvements, Benton County CSAH 29 Extension (funded), and the MN-15/MN-23 Improvements. Benton County's CSAH 29 extension was fully funded, and the Technical Advisory Committee (TAC) recommended removal of this project from the list of 2025 Regional Transportation Priorities. Mr. Gibson reviewed the qualifying factors for a project to be added to the list stating ideally the projects would be major regional-level projects. Projects for which there

is broad regional consensus. Projects which cannot be funded through "normal" means, and finally choosing 2-4 projects with the very highest priorities.

The TAC recommended that the Regional Transportation priorities for 2025 should be the US-10 Improvements and the MN-15/MN-23 Improvements.

Board members stated that they believe the St. Cloud Regional Airport and their priorities, as well as at least adding a footnote regarding the Mississippi Bridge should be added. Brian stated he will contact the airport and find out what their priorities are and add them to the list.

Mr. Perske stated since the D.C. trip isn't until November, the list doesn't need to be finalized until October. Mr. Gibson agreed.

Mr. Elness motioned for Policy Board approval of the proposed Regional Transportation Priorities. Mr. Perske seconded the motion. Motion carried.

10. OTHER BUSINESS & ANNOUNCEMENTS

Mr. Gibson noted that APO staff sends out every meeting agenda packet via e-mail. He asked that if members have not been receiving these e-mails, please talk to Trina to provide an alternative email.

Ms. Johnson announced that the MTP Long-Range Plan is out for public comment.

Mr. Elness announced that the city of Sartell is a finalist for Project Maxwell. Project Maxwell is an international company that creates magnetics organically. He expressed gratitude to the cities that wrote letters of support and referrals regarding Project Maxwell.

Mr. Westerlund stated that Le Sauk Township has been without a town hall and they're looking to purchase a building to house the township office and hold meetings.

9. ADJOURNMENT:

Mr. Goerger motioned to adjourn the meeting. Ms. Seamans seconded the motion. Motion carried.

The meeting was adjourned at 5:10 p.m.

T. 320.252.7568 F. 320.252.6557

TO: Saint Cloud Area Planning Organization Policy Board

FROM: Vicki Johnson, Senior Transportation Planner

RE: Staff report of the Aug. 29, 2024, Technical Advisory Committee Meeting

DATE: Aug. 30, 2024

The Saint Cloud Area Planning Organization's (APO's) Technical Advisory Committee (TAC) held a regular meeting on Thursday, Aug. 29, 2024. At that meeting, the following topics were discussed:

1. Future Regional Arterials and Collectors Project Management Team coordination discussion.

a. Consulting firm Bolton & Menk's Angie Stenson (Senior Transportation Planner) and Andrew Babb (Project Manager) updated TAC representatives on the status of their ongoing work related to the future regional arterials and collectors study. Mr. Babb provided recommendations to the TAC on proposed changes to the functional classification of various corridors ahead of a test travel demand model run. Mr. Babb requested a review of the proposed functional classification changes and feedback on any final additions to be made no later than Sept. 6.

2. Safe Streets and Roads for All (SS4A) Project Management Team coordination discussion.

- a. Consulting firm Bolton & Menk's Robin Caufman (Senior Planner) and Dylan Edwards (Planner) provided an update on the public engagement responses received to date on the SS4A study. Ms. Caufman encouraged TAC representatives to share/distribute the social media and/or newsletter story on the SS4A study within the next few days to ensure they can get as many responses as possible.
- b. Subcontractor Matt Pacyna (Principal) with consulting firm TC^2 shared updates around future policy and equity components of the plan. Subcontractor Kevin Kroll (Senior Planner) with consulting firm Toole Design shared an overview of a safety analysis of crash data within the APO's planning area.

3. Urban beltline FUTURE project development process and cost sharing question and answer session with Federal Highway Administration.

a. APO Executive Director Brian Gibson facilitated a discussion between TAC representatives and individuals from the Federal Highway Administration (FHWA) Minnesota Division – Phil Forst and Bill Lohr. At the June TAC meeting, TAC reps had asked several questions regarding the use of federal funding on environmental work for the beltline. Mr. Forst was available to answer questions and clarify various points surrounding FHWA and environmental documentation/review. After the conclusion of the discussion,

Stearns County Engineer Jodi Teich provided the following motion for unfunded portions of the beltline be recommended to the Policy Board:

- i. In the event federal funding and/or other outside revenue funding has been secured:
 - 1. Planning activities will be cost shared by APO member jurisdictions using the APO's membership dues formula distribution.
 - 2. Environmental documentation local match funding will be split the following ways:
 - a. 50% of the local match will be covered by the anticipated road authority.
 - b. The remaining 50% of the local match will be cost shared by all APO member jurisdictions using the APO's membership dues formula distribution. This would include the roadway authority that is responsible for the 50% local match.
 - 3. Environmental documentation work at the APO level can be completed through the Tier I Environmental Impact Statements. All subsequent work will be the responsibility of the local road authority to complete.

A roll call vote was taken.

Those in favor of the motion:

- · Michael Kedrowski, Saint Cloud Metro Bus.
- Kari Haakonson, City of Sartell.
- Nate Keller, City of Saint Joseph.
- Jon Noerenberg, City of Waite Park.
- Chris Byrd, Benton County.
- Jodi Teich, Stearns County.
- Todd Schultz, City of Sauk Rapids.

Those who voted down the motion:

- Zac Borgerding, City of Saint Cloud.
- Matt Glaseman, City of Saint Cloud.

Steve Voss, MnDOT District 3 Planning Director, abstained from voting.

Based on the vote, the TAC ultimately recommended Policy Board approval of the motion (7-2-1).

4. Consideration of the final 2025-2028 Transportation Improvement Program.

a. APO Senior Transportation Planner Vicki Johnson provided an overview of the public engagement period for the draft 2025-2028 TIP. She detailed the outreach that was conducted including the use of social media, drafting of several agency/jurisdictional surveys, in-person and virtual open houses, as well as emails to both interested stakeholders and those individuals

interested in APO planning activities. APO staff received 52 responses to the online surveys. TAC representatives recommended Policy Board approval of the 2025-2028 TIP.

5. Carbon Reduction Program (CRP) regional priorities discussion.

a. APO Associate Transportation Planner Alex McKenzie facilitated a discussion with TAC representatives regarding proposed changes to the APO's Carbon Reduction Program solicitation/evaluation. Per the July TAC conversations, APO staff had reached out to Anna Pierce with Minnesota Department of Transportation's (MnDOT's) Office of Sustainability and Public Health for questions regarding the cost effectiveness tool and the co-benefits portion of the application. Ms. Pierce was available online to participate in the discussion. Ms. Pierce said she was working on updates to the scoring evaluation tool which will be presented within the next few weeks. It was recommended APO staff come back to the TAC in September with a slate of options for TAC representatives to consider.

6. Central Minnesota Area Transportation Partnership (ATP-3) Managed Program Formula Distribution.

a. APO Transportation Planning Technician James Stapfer presented the findings of his analysis of updating the Central Minnesota Area Transportation Partnership (ATP-3) Managed Program funding distribution formula. Rather than updating the existing distribution formula that was developed in 1999 (the data inputted into that formula is no longer considered factors in how the state distributes funding targets to the ATPs), Mr. Stapfer sought to replicate the ATP-3 distribution formula to mirror the process on how the state distributes the funding targets to the ATP. The state distributes the funding targets to the ATP. The state distributes the funding targets to the ATPs through a formula based upon system needs (county-state aid highway and municipal state aid streets) and population. By doing this, Mr. Stapfer determined the existing distribution formula ATP-3 uses leaves Region 7W/Saint Cloud APO underfunded. Mr. Stapfer recommended the following:

Region	Current Sub Targets	Proposed Sub Targets	Changes
Region 5	32.65%	28.20%	-4.45%
Region 7E	13.82%	12.87%	-0.95%
Region 7W/Saint Cloud APO	53.53%	58.93%	+5.40%
Total	100%	100%	0%

TAC representatives recommended Policy Board approve the above proposed sub targets and recommend consideration at the ATP level.

7. Consideration of the FY 2025-2028 Transportation Improvement Program amendment schedule.

a. Ms. Johnson presented the proposed amendment schedule for the 2025-2028

Transportation Improvement Program (TIP). While the APO has previously amended the TIP four times a year, given the late changes to the APO's 2024-2057 TIP, she proposed adding an additional amendment period. The schedule developed aligns with the anticipated TAC and Policy Board meetings to ensure timely approval. TAC representatives approved the amendment schedule.

8. Consideration of the FY 2026-2029 Transportation Improvement Program development schedule.

a. Ms. Johnson presented the draft development schedule/timeline for the FY 2026-2029 Transportation Improvement Program (TIP). This schedule is developed based upon the approved FY 2026-2029 Area Transportation Improvement Program (ATIP) development schedule which was approved by the Central Minnesota Area Transportation Partnership (ATP-3) in April. She highlighted various dates/deadlines for TAC representatives to be aware of. TAC representatives approved the development schedule.

Suggested Action: None, informational.

TO: Saint Cloud Area Planning Organization Policy Board

FROM: Vicki Johnson, Senior Transportation Planner

RE: Final Draft FY 2025-2028 Transportation Improvement Program

DATE: Aug. 30, 2024

One of the responsibilities of the Saint Cloud Area Planning Organization (APO), as outlined by the Federal Government, is to develop and maintain a Transportation Improvement Program (TIP). The TIP is the document that programs federal funds for transportation improvements in the APO's Metropolitan Planning Area (MPA). Decisions about transportation investments require collaboration and cooperation between different levels of government and neighboring agencies and jurisdictions. As a document, the TIP reports how the various agencies and jurisdictions within the MPA have prioritized their use of limited Federal highway and transit funding.

The projects included in each year's TIP ultimately are derived from the APO's Metropolitan Transportation Plan (MTP) and are aimed at meeting the long-range needs of the area's transportation system. In addition, all projects programmed into the TIP must comply with regulations issued by Federal Highway Administration (FHWA) and Federal Transit Administration (FTA).

The TIP spans a period of four fiscal years and is updated on an annual basis.

For the past several months APO staff have been cooperatively working with local jurisdictions, Saint Cloud Metropolitan Transit Commission (more commonly known as Saint Cloud Metro Bus), and Minnesota Department of Transportation (MnDOT) District 3 staff to produce the yearly update to the APO's TIP.

This update will span the four fiscal year period of 2025 through 2028.

At the June 13, 2024, APO Policy Board meeting, Policy Board members – upon the recommendation of the APO's Technical Advisory Committee (TAC) – voted to release the draft FY 2025-2028 TIP out for a 30-day public comment period.

APO staff released the document on July 17, 2024. Public comment concluded on Aug. 16, 2024.

As part of the public period, APO staff have done the following in accordance with the APO's Stakeholder Engagement Plan (SEP):

- Published a legal notice in the St. Cloud Times.
- Contacted those individuals who have expressed interest in APO planning activities via email.
- Contacted those organizations that work closely with traditionally underrepresented populations.
- Developed 12 online surveys pertaining to the projects listed in the TIP that have yet to be constructed. These surveys did not contain advance construction projects listed in the TIP that are only awaiting Federal reimbursement.

- Posted information about how to provide public comment on the draft 2025-2028
 TIP on the APO website, the APO's Facebook page, and the APO's Instagram account.
- Hosted an in-person open house at the Saint Cloud branch of the Great River Regional Library on Tuesday, July 30, and a virtual open house via Facebook Live on Thursday, Aug. 1.
- Shared social media information with social media accounts connected to local agencies and jurisdictions.

APO staff received several comments from the in-person engagement event. These, and the one emailed comment, can be found in Chapter 5 of the 2025-2028 TIP. APO staff received 52 responses to the 12 online surveys. A complete list of those comments can be found in Appendix C of the draft.

Comments specific to each jurisdiction/agency have also been compiled and distributed to each jurisdiction for their individual review.

To view the final draft of the 2025-2028 TIP, please follow this link: https://tinyurl.com/ytjzx4uv. A copy of all the projects to be included in the APO's 2025-2028 TIP is also attached for your reference.

At the Aug. 29 Technical Advisory Committee meeting, TAC representatives voted to recommend Policy Board approval of the 2025-2028 Transportation Improvement Program.

Suggested Action: Approval.

RE: Central Minnesota Area Transportation Partnership (ATP-3) Formula

Distribution

DATE: Aug. 30, 2024

At the March 28 Technical Advisory Committee (TAC) meeting, several TAC representatives expressed concerns regarding the Central Minnesota Area Transportation Partnership's (ATP-3's) funding distribution formula used for the ATP Managed Surface Transportation Block Grant Program (STBGP) funds.

Based upon the discussions at the March TAC meeting, APO staff formally asked TAC representatives for guidance on if (and how) they would like APO staff to proceed with this information in April. Per those discussions, TAC representatives recommended updating the existing formula used to calculate funding target distribution to each of the regions in ATP-3. This sentiment was echoed at the Policy Board level in May.

In coordination with several MnDOT staffers (Office of Traffic System Management, State Aid, District 3 State Aid, District 3 Planning), APO staff have spent the past several months determining the best approach to update the ATP-3 target distribution formula. It was determined the best approach to "update" the ATP-3 target distribution formula would be to mirror the way MnDOT Central Office distributes funding targets to each of the ATPs (excluding Metro District/Met Council)— a formula based upon population (50%) and system needs (50%). Most of the data utilized to develop the original formula is no longer applicable to how the ATPs are targeted funding.

The following contains a summary of the current distribution and the proposed updated ATP-Managed Target Distribution.

Background

ATP-3 is comprised of four planning regions:

- 1. Region 5 Development Commission.
- 2. East Central Regional Development Commission (Region 7E).
- 3. Region 7W.
- 4. Saint Cloud Area Planning Organization.

When it comes to the distribution of the ATP-3's STBGP funds, funds are currently allocated as follows:

Region	Raw Formula Calculation	Region 7W/Saint Cloud APO Split	Percentage of STBGP Funds Allocated
Region 5	32.65%	-	32.65%
Region 7E	13.82%	-	13.82%
Region 7W	53.53%	61.65%	33.0%
Saint Cloud APO	-	38.35%	20.53%

The determination of this funding allocation distribution was developed in 1999 (taking effect in 2003) when the ATP-3 approved a methodology for sub-targeting the local share of STBGP funds to each of the four regions. Prior to the sub-targeting, the ATP conducted an ATP-wide solicitation for STBGP funds and relied on participation and input from the regions and a somewhat rigid technical application and scoring procedure. This process, according to MnDOT District 3 staff, was highly technical and did not reflect the local and regional transportation priorities nor did it provide adequate assurance to the partnership of stable and equitable funding.

As a result, a revision to the previous (ATP-wide) distribution of federal funding was made to loosely mirror the state's methodology of distributing STBGP funding to each of the eight ATPs. The MnDOT statewide formula had distributed STBGP funds to each of the ATPs based on system size (40%) and system use (60%).

System size factors included: the ATP's share of bridge area, federal aid lane miles, and number of buses.

System use factors included: Vehicle Miles Traveled (VMT), Heavy Commercial Vehicle Miles Traveled (HCVMT) and future 2025 population projections.

During the original meetings back in 1999, the ATP approved a slight variation of this methodology which resulted in a 50/50 split. However, since several of the factors in the formulas were only available at the county level, Region 7W and the Saint Cloud APO met to negotiate and agree upon an acceptable split.

Present discussions (May-August 2024)

Following conversations with MnDOT staff, APO staff opted to follow the State's methodology in determining the targeting of ATP funds. The following table was created using the 2023 CSAH and 2023 MSA Cities funding needs according to the 2023 Data Apportionment reports,

(CSAH: https://mdl.mndot.gov/items/m16003) as well as the 2020 Census population data (2020: DEC Redistricting Data (PL 94-171)).

Once APO staff were able to track down what data sets were used, staffers began breaking down the ATP-3 data (population, County-State Aid Highway needs, and Municipal State Aid needs) on a county level. It should be noted that population and CSAH needs numbers broken down at the county level were an exact match to the data the state provided. However, there was a discrepancy with the MSA numbers. Upon further review, this discrepancy was noted throughout all ATPs. APO staff did reach out to both State Aid (MnDOT Central Office) and MnDOT District 3 staff for guidance. However, all three agencies reached the same totals for ATP-3 MSA numbers – which differed from the MSA numbers reported in the screenshot above. That said, APO staff is confident with the following analysis.

The first table below indicates the current ATP-3 funding target by region, followed by the <u>proposed</u> update based upon a 50/50 split between population and system needs. Note, because the data is broken down at a county level, Region 7W and the APO have been combined. At this time, we are not recommending changing the 7W/APO funding ratio split (61.65% of Region 7W/APO combined target goes to Region 7W, the remaining 38.35% goes to Saint Cloud APO).

Region	Current Sub Targets	Proposed Federal Funding Sub Targets	Change in Federal Funding Sub Target Percentages
Region 5	32.65%	28.20%	-4.45%
Region 7E	13.82%	12.87%	-0.95%
Region 7W/ Saint Cloud APO	53.53%	58.93%	+5.40%
Total	100%	100%	0%

The second table shows the FY 2028 funding target for ATP-3 split out based on the current

formula	distribution	and the	nronosed	formula	distribution.
ioiiiiuia	uisti ibutioii	and the	pioposeu	IOIIIIIIII	uistribution.

Region	Current Formula Target (in millions)	Proposed Federal Funding Sub Targets	Change in Federal Funding Sub Target (in millions)
Region 5	\$3.82	\$3.30	-\$0.52
Region 7E	\$1.62	\$1.51	-\$0.11
Region 7W/ Saint Cloud APO	\$6.26	\$6.89	+\$0.63
Total	\$11.70	\$11.70	\$0

The final table shows the FY 2028 funding target for ATP-3 <u>WITH</u> the 7W/APO split based on the current formula distribution and the proposed formula distribution.

Region	Current Formula Target (in millions)	Proposed Federal Funding Sub Targets	Change in Federal Funding Sub Target (in millions)
Region 5	\$3.82	\$3.30	-\$0.52
Region 7E	\$1.62	\$1.51	-\$0.11
Region 7W	\$3.86	\$4.25	+\$0.39
Saint Cloud APO	\$2.40	\$2.64	+\$0.24
Total	\$11.70	\$11.70	\$0

At the Aug. 29, TAC meeting, TAC representatives recommend the Policy Board support the proposed ATP-3 funding target distribution formula update.

Some additional considerations in the event the Policy Board does approve this request:

- Coordination between the APO and the Region 7W Transportation Policy Board will need to occur. MnDOT District 3 Planning Director Steve Voss stated he is willing to have this presented at a future Region 7W TPB meeting. Because Region 7W does stand to benefit from this proposal, it would seem likely that the body would support the request from the APO so a possible coordination meeting may not necessarily need to happen.
- Lack of votes at the ATP to alter the formula. If MnDOT's two voting reps abstain, the vote count would be 7-8 split (7 voting members possible support from 7W/APO and 8 voting members possible opposition from Region 5 and Region 7E). This would need to be addressed.

Suggested Action: Approval to proceed with an inquiry to the Central Minnesota Area

Transportation Partnership (ATP-3) regarding proposed updates to the ATP-Managed Program target distribution formula.

RE: Cost Sharing for Future Beltline Projects

DATE: Sept. 3, 2024

Earlier this year, the APO Board set a goal to establish a regionwide cost-sharing agreement for future beltline roadway projects. The key questions were:

- 1. Which part(s) of the project development process would be cost-shared regionally, and
- 2. How would the cost sharing be distributed among the APO members?

The Board asked APO staff to solicit a recommendation from the Technical Advisory Committee.

At its August 28th meeting, the TAC approved the following recommendations:

- The cost of the planning phase of any beltline project should be cost-shared among the jurisdictions according to the normal APO cost distribution formula, as usual.
- 2. When Federal or State funds are being used for a Tier 1 Environmental Impact Statement (EIS), the local-match costs should be shared among the jurisdictions, with the implementing jurisdiction paying 50% of the local match, and the other 50% being distributed among the jurisdictions according to the normal APO cost distribution formula.
- 3. Tier 2 EISs and all other aspects of project development should be the sole responsibility of the implementing jurisdiction.

Suggested Action: Approve a cost-sharing agreement for future beltline projects.
