

Q1 In the FY 2024-2027 Transportation Improvement Program, Saint Cloud Metro Bus had programmed a project to replace eight of its Class 400 vehicles (i.e., Dial-a-Ride buses). In order to begin the process of acquiring the vehicles, Metro Bus needed to execute a grant agreement with the Federal Transit Administration (FTA) prior to the end of federal fiscal year 2024 (Sept. 30, 2024). However, while most of the necessary documentation was completed to initiate the grant agreement, the deadline to ensure these vehicles could move forward had passed. Discussing this situation with FTA, Metro Bus is still entitled to the vehicles they programmed in FY 2024, but in order to complete the grant agreement, these vehicles will need to be ADDED to the FY 2025-2028 TIP. As a result, Metro Bus is proposing to ADD the purchase of eight Dial-a-Ride replacement buses to the FY 2025-2028 TIP in FY 2025. The estimated cost for this project would be approximately \$3,080,000 with \$2,464,000 coming from FTA funding and the remaining \$616,000 being split evenly between the state and Metro Bus (\$313,000 each). How do you feel about this proposed change?

Q2 During calendar year 2025, Saint Cloud Metro Bus had intended to purchase three operations related vehicles (i.e., not buses, but vehicles used by employees for performing maintenance and other support activities for Metro Bus operations). However, upon further review, Metro Bus has opted to purchase only two of those vehicles in this calendar year.

The third vehicle will instead be added to the calendar year 2026 operations vehicle purchases. As a result, Metro Bus is proposing to DECREASE the number of operations vehicles purchased from three to two. As a result, this will reduce the proposed project cost for these vehicle purchases from \$120,000 to \$80,000. How do you feel about the proposed change?
